

Emergency Road Service

Emergency Towing and Road Service Coverage helps provide peace of mind should your vehicle become disabled. We will pay up to your limit for reasonable expenses:

- Towing to the nearest place where necessary repairs can be made during regular business hours
- Towing to dislodge the vehicle from its place of disablement if on or next to a public street or highway.
- Mechanical labor up to one hour at the place of its breakdown, including change of tire.
- Delivery of gasoline, oil, coolant or loaned battery. We do not pay for these items however.

We will also pay for key lock-out service and labor cost incurred at the location of your covered auto.

No deductible applies to this coverage.

Rental

Rental reimbursement coverage is an optional coverage we offer to help cover the cost of a rental vehicle when your covered auto has been involved in a covered loss. We offer limits of:

- \$30 per day/\$900 maximum
- \$45 per day/\$1,350 maximum
- \$60 per day/\$1,800 maximum

Depending on your needs, you may want to consider which option works best for you. If you have a smaller vehicle, then \$30 per day coverage will probably work for you. However, if you have a large SUV or truck, you may want to consider a higher limit.

No deductible applies to this coverage.

Full Glass

Full Glass Coverage pays for the entire amount of a covered loss on your covered auto with no deductible. With this coverage, we will pay for the replacement cost of your windshield, rear window, door windows, or any other side window. This coverage does not cover any lights, sunroofs, roof panels, or mirrors.

Without this coverage, you will have to pay the full Comprehensive deductible under your policy. For example, your car's windshield is cracked due vandalism. Without the Full Glass Coverage, you would have to pay your Comprehensive deductible. With Full Glass Coverage, there would be no out-of-pocket costs to you!
